

HELUG 2024

Jason Higley
Co-Founder of Detrios

DETRIOS

Software company specializing in access control **solutions** and **services**

We help customers and partners around the world design, deliver, and support integrated solutions to meet their toughest challenges.

HISTORY

Founded in 2016

Acquired by SwiftConnect 2022

CUSTOMERS

Higher Education

Fortune 100

Government / Military

- ↘ Identity Management – Banner, Workday, Peoplesoft
- ↘ Custom Access Workflows – Locked Reader Override
- ↘ Custom Access Assignment Workflows – Registration, Training

A SwiftConnect Company

PUBLIC SAFETY AND CAMPUS SECURITY *BUILDING AND DOOR SCHEDULES*

Provide a safe and secure environment for students, employees and visitors.

TOOLS

Access Control Systems
Event Management Systems

CONSIDERATIONS

Open / Secured Campus
Distributed / Central Management
Resources and Time

- ↘ Building Hours – University of Rochester
- ↘ Event Schedules – Montclair State University
- ↘ Buildings Hours and Event Schedules – Wake Forest University

MANAGING DOORS USING BUILDING HOURS

- ↘ Building owners manage schedules
- ↘ Buildings can be “open” without scheduled events
- ↘ Security team can manage/override
- ↘ Open campus
- ↘ Simple to manage

ONGUARD

Reader Timezones

DAX

Event Schedules ->
OnGuard Door Commands

UNIVERSITY of
ROCHESTER

“We utilize **Building Hours** in the scheduling system (EMS) as their own room which brings the control of the hours to the building manager/occupant directly. They can modify the hours when needed and at a moment’s notice. This also allows the hours to accurately be posted and available to see on our scheduling systems website.”

Patrick Meagher
IT Section Supervisor

MANAGING DOORS USING EVENT SCHEDULES

- ↘ Event management and Space Managers manage event schedules
- ↘ Security team can manage/override
- ↘ Secured

ONGUARD

Reader Timezones,
Schedules, Manual Locks

DAX

OnGuard and
Event Management System

MONTCLAIR
STATE UNIVERSITY

“We use DAX to automate over 150 doors in our largest academic space...freeing up our public safety resources to focus on keeping our campus safe. MSU will continue to expand with DAX by migrating to more and more online locks.”

Bill Hausmann

Director of Facilities Security Operations and IT Security Systems

MANAGING DOORS USING BUILDING HOURS AND EVENT SCHEDULES

- ↘ Building owners manage open hours
- ↘ Event management & other manage event schedules
- ↘ Security team can manage/override
- ↘ Open campus during the day
- ↘ Secure after hours and weekends

ONGUARD

Reader Timezones,
Schedules, Manual Locks

DAX

Event Schedules -> OnGuard Door
Commands and Timezones

WAKE FOREST
UNIVERSITY

“DAX has streamlined our facility management. EMS serves as our main tool for scheduling interior doors and we rely on Lenel OnGuard timezones for exterior doors. This dual-system approach not only enhances security but also empowers our Space Managers with a more comprehensive and hands-on approach to overseeing their designated areas.”

David Cowan
Senior System Analyst, Deacon One - Office of Security Technology
