

HELUG 2020 NYU/Virtual Conference

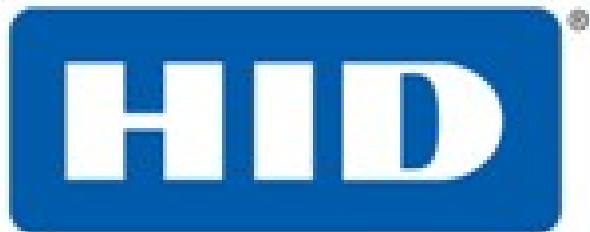

June 9-10

Zoom Conference

Welcome to HELUG 2020!

- Welcome and introductions
- Zoom tips for a great meeting
- Using PollEv
- Agenda overview
- Let's get started!

Thank you HELUG Sponsors for help making our conferences possible!

HELUG Planning Committee

Thank you for helping make this conference possible!

Michelle Adams, Case Western University

Peter Atkinson, University of Washington

Stefan Dodd, Fitchburg State University

Patricia Henness, Pacific Lutheran University

Jay Kohn, Stanford University

John Matherson, New York University

Michael Schryer, New York University

Rob Stanford, Auburn University

How this conference will work

Keep your **video on** as much as possible – it's nice to see people when we're all kept apart

You will be on **mute** as you enter the conference; To make this a better experience for everyone, please keep your **mute on** and use **Zoom Chat** for questions

We will be using **Poll Everywhere and Zoom Chat**

- Please have another device/phone to log into the PollEv and participate in the activities

Tailor your Zoom experience

You can adjust how your Zoom window looks on your screen

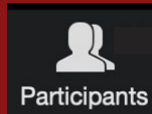

Adjust the size of the slides being presented relative to the size of the presenter video by using the “handle” in between the slide window and the video thumbnails

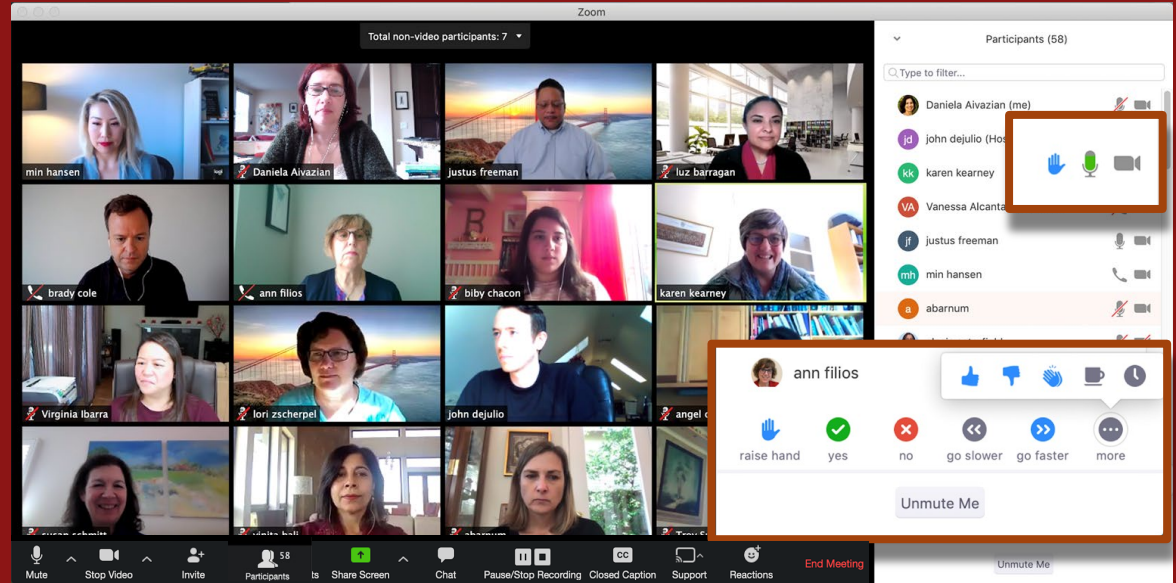

Tailor your Zoom experience

You can use participant functionality “buttons” to engage even when you’re muted

Click on
Participants

You'll see options to raise your hand, say yes/no, give thumbs-up (+1), applaud, and more

You can also click on the new *Reactions* button to give a thumbs-up or applaud

PollEv – Keeping us connected

Poll Everywhere

At different times in today’s meeting, we will ask you to pull out your mobile device or open another browser window, and go to PollEv.com/jkohn to answer some questions

- The purpose of these questions is “take a pulse” and capture the group’s reactions
- We invite you to share your feedback throughout the presentation (use Zoom Chat as you need!), and we will also have an open-text PollEv question to capture any specific guidance and requests

For all of these polls, you will be able to change/correct answers if needed

PollEv – Let's try it out

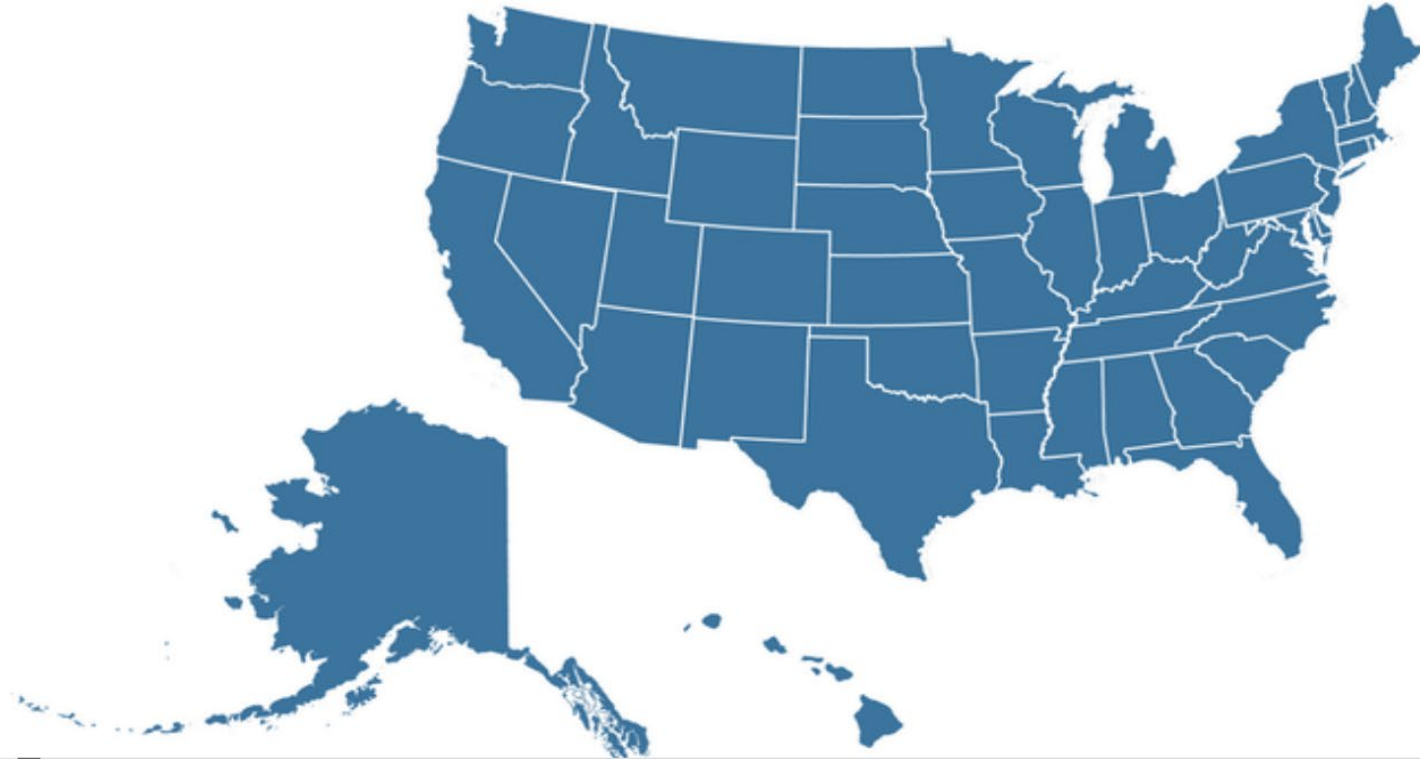

Poll Everywhere

On your mobile device or laptop, go to PollEv.com/jkohn
Tell us where you are 'Zooming' from today!

You will be able to click – i.e., “drop a pin” – on the state you are participating from

You will be able to drop only ONE pin You can change or correct your answer if needed

Where are you Zooming to HELUG 2020 from today?

Start the presentation to see live content. For screen share software, share the entire screen. Get help at polllev.com/app

PollEv – Let's try it out

Poll Everywhere

On your mobile device or laptop, go to Pollev.com/jkohn
Tell us if you have any questions or comments for today!

You will be able to enter as many questions/comments as you wish. You can also 'vote up' other's questions/comments

What are your comments/questions from HELUG 2020 Day 1?

Top

21	Will the presentations be available to the HELUG group members?
16	Excellent presentations!
14	Would like to get the slides if possible.
13	Awesome day! Looking forward to tomorrow's presentations. :)
10	Slides would be great
9	Has anyone upgraded to 7.6? War stories?
5	Love the presentations! Very helpful!
4	Does any one have any performance issues with the web modules? We tried to implement them but the response time was so long that they were virtually unusable. (Especially when loading the system tree).
4	There are some great reporting tools out there.
4	Has then been any planning for HELUG 2021?
3	Will mobile credentials from Allegion or HID work with Blue Diamond readers (if DESFire EV2)?
3	Sharing the presentations would be great!
0	Not today
0	What are the top 2 or 3 tips you would give someone setting up a new Lenel access control system?

Thank you for attending!

See you all tomorrow!

Welcome to Day 2!

20	HELUG2021 Lets have a hybrid in person/zoom conference so those that cannot attend for whatever reason does not miss out on the great discussions.
12	Thanks for a great conference! I think it went well.
9	A big thanks to Jay to keep this event going. This year presented a unique challenge!
8	Great conference!!
7	HELUG 2020 was awesome! Looking forward to continuing to collaborate with other Higher Ed partners.
4	Has the 2021 HELUG location been decided?
4	Is DAX/Detrios a good way to go?
3	Interested in some follow up webinars over the next several months to share other items?
0	New Zealand has eradicated covid - possible location ;<
